

ReEmployCT Opens July 5th at Noon

Filers Must Create a New Username and Password in ReEmployCT

Connecticut's new unemployment benefits system, [ReEmployCT](#), will open on Tuesday, July 5th at noon.

ReEmployCT replaces the state's 40-year-old unemployment system and will make filing unemployment claims easier with a single sign on, access to common services directly in your account, and other improvements.

This week—June 27-July 4— is transition week. The Connecticut Department of Labor is moving six billion pieces of data, decommissioning our old system, and launching the new system.

HERE'S WHAT'S NEXT:

- When ReEmployCT opens on July 5th, you will set up your ReEmployCT account by clicking the green button on [www.FileCTUI.com](#)
 - Step 1: You will create a new username and password and then be directed back to the log in screen
 - Step 2: You will log in to the system using your new credentials
 - Step 3: You will file your weekly certification for the week ending July 2nd
- If you didn't file for benefits for the week prior, you may file for that week as well

HAVE QUESTIONS? WE ARE HERE TO HELP

Watch for information on [www.ReEmployCT.com](#). We will put out explainer videos, a step-by-step guide for the new system, and other tips.

The [Consumer Contact Center](#) is always here to help:
